The Energy Commission published three addendums to the original Localized Health Impacts Report that analyzes additional projects proposed for funding under the Notice of Proposed Awards (NOPA). These addendums were posted as follows:

- Addendum 1 was posted on September 21, 2012 and the 30-day public comment period ended October 31, 2012.
- Addendum 2 was posted on November 29, 2012 and the 30-day public comment period ended December 31, 2012.
- Addendum 3 was posted on March 22, 2013 and the 30-day public comment period ends on April 22, 2013.

Since the revised NOPA was posted, a project has changed its location for a Compressed Natural Gas (CNG) fueling station. The original project proposed by FirstCNG, LLC to install a CNG fueling station has changed and the new station location being analyzed in this report is 24201 El Toro Rd., Lake Forest, CA 92630. The addendum to the Localized Health Impacts Report was posted on April 23, 2013. The Energy Commission is required under California Code of Regulations, Title 13, Chapter 8.1, Section 2343(c)(6), to consider the localized health impacts and environmental justice when approving projects for funding.
